PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on experience in data analysis, machine learning, MIS reporting, and business intelligence. BSc Data Science student (CGPA 9.5) at University of Mumbai, skilled in Python, SQL, Power BI, and Excel. Proven ability to clean, analyze, and visualize data to deliver actionable insights that drive business decisions. Currently working at an IIM Mumbai incubated startup with exposure to CRM, data mining, and real-world analytics. Actively seeking Data Analyst opportunities to create measurable business impact through data.

TECHNICAL SKILLS

Data Analysis & Visualization: Power BI, Tableau, Excel (Advanced), Google Sheets, Matplotlib, Seaborn

Programming & ML: Python, SQL, R, Pandas, NumPy, Scikit-learn, EDA, Feature Engineering, Predictive Modelling

Databases: MySQL, PostgreSQL

CRM & Reporting Tools: Zoho CRM, MIS Reporting, Dashboard Reporting, KPI Tracking, Business Intelligence

Core Competencies: Data-Driven Decision Making, Statistical Analysis, Hypothesis Testing, Problem Solving, Communication

EXPERIENCE

CRM Coordinator & Data Expert | TellMe – HeartTales Wholeness Pvt. Ltd. Apr 2026 – Present

- Conduct data mining and analysis on real user and session data to identify behavioural patterns and engagement trends
- Derive actionable insights from data to improve user experience, operational efficiency, and business decision-making
- Maintain live session tracking and MIS reporting using Google Sheets and Excel with high accuracy

Artificial Intelligence Intern | IBM (Virtual) Feb 2026 – Mar 2026

- Worked on AI/ML workflows including data handling, model building, testing, and performance evaluation on real datasets
- Strengthened analytical and problem-solving capabilities through hands-on model building and data analysis exercises

Campus Community Head (Intern) | edept, Mumbai Oct 2025 – Apr 2026

- Tracked and analysed lead engagement data; maintained centralized records and generated MIS reports for internal teams
- Identified performance gaps through data observation and drove corrective action across cross-functional teams

Data Science Intern | Unified Mentor Pvt Ltd, Mumbai Apr 2025 – Jul 2025

- Performed data cleaning, preprocessing, and EDA on structured datasets; built and evaluated ML models using Python
- Generated data-driven reports and delivered actionable insights to support business decision-making

KEY PROJECTS

Customer Satisfaction Prediction | Tools: Python, Pandas, NumPy, Scikit-learn (Academic)

- Built classification models with feature engineering; evaluated using accuracy & precision to derive business insights

Netflix Data Analysis | Tools: Python, Pandas, Matplotlib, Seaborn (Academic)

- Conducted in-depth EDA; created dashboards uncovering content trends and user preferences for strategic decisions

Digital Payment Trends – Semi-Urban & Rural Markets | Tools: Python, Excel, SQL (Academic)

- Analysed large-scale datasets to identify conversion trends; published research under University of Mumbai

Air Quality (AQI) Prediction | Tools: Python, Pandas, NumPy, Scikit-learn (Academic)

- Built regression models with feature selection and preprocessing; evaluated using regression accuracy metrics

EDUCATION

BSc Data Science (Final Year) | University of Mumbai, Mumbai CGPA: 9.5 | 2027

Higher Secondary (Science) | St. Joseph's Junior College, Bhayandar, Mumbai 75.67% | 2024

CERTIFICATIONS & ACHIEVEMENTS

- British Airways Data Science Job Simulation – Forage, Jan 2026
- Advanced Excel – ExcelR, Aug 2024
- The Joy of Computing Using Python – NPTEL, Nov 2024
- Certificate of Academic Excellence – Topper Award (1st Place) | edept, Jun 2025
